Announcing the NEW ARRS Journal: *R3 Roentgen Ray Review* – *R3JOURNAL.ORG*

This new, online, peer-reviewed journal made its debut March 6. The journal is a new ARRS member exclusive benefit offering timely content across all radiology subspecialties in the form of pictorial essays, case reports, technology updates, and short reports. The journal will give readers critical, applicable clinical information radiologists need in the ever changing and complex world for radiology. New content will be released weekly. Check out the new journal at:

2025 Neuroradiology Longitudinal Course

Next Session: March 20 – Spine

This course, presented in two-hour sessions, will be taught through October 2025, and will provide a broad overview of neuroradiology. Each session will feature a series of image-rich, case-based didactic lectures, followed by an interactive expert panel discussion. Participate live or learn at your own pace. Learners have access to the entire course to view and to claim up to 18 credits until October 2026.
