Early bird rates are now available. Get your tickets at www.ICIS-SGCR-WIRES.com now!

For enquiries, you may reach out to enquiry@conectere.com.sg.

Theme: Illuminating Cancer Care: The Evolving Role of Imaging and Intervention in Modern Clinical Practice

We are delighted to announce the comprehensive program of ICIS SGCR-WIRES 2024!

Check out the myriad of regional as well as international presenters who will be sharing the latest updates in the field of cancer imaging and interventional radiology.

PLENARY SPEAKERS HIGHLIGHT

Prof Michael Hofman

University of Melbourne, Australia
27 Sep 2024
Imaging to Illuminate Precision Oncology

Prof Dow-Mu Koh

Royal Marsden Hospital, UK
28 Sep 2024
Cancer Biomarkers and Integrated Diagnostics

Prof Fred Prior

University of Arkansas for Medical Sciences, USA
29 Sep 2024
Digital Oncology and AI for Augmenting Patient Care

and many more...

ABSTRACT SUBMISSION

Submit your abstract by **31st May 2024**, which marks the final chance to secure a spot within the impressive lineup of scientific sessions at ICIS SGCR-WIRES 2024.

Abstract Topics

- Artificial Intelligence
- Breast Radiology
- Cardiac Radiology
- ENT Radiology
- Gastrointestinal Radiology
- Gynecological Radiology
- Hepatobiliary and Pancreatic Radiology
- Interventional Radiology
- Multisystem/ Multidisciplinary
- Musculoskeletal Radiology
- Neuroradiology
- Nuclear Medicine
- Nursing and Quality Improvement
- Radiography and Physics
- Radiology Informatics
- Thoracic Radiology

This is a unique opportunity to showcase your research to the regional community of radiology experts, gaining recognition and fostering connections with fellow colleagues and friends. You have the option to submit two types of abstracts: Scientific and Education.

An exciting array of prizes await you:

NUS Shih-Chang Wang Prize in Radiology

Oral Presentations

- Best SGCR Prize
- Best WIRES Prize
- Best ICIS Prize
- Merit SGCR Prize
- Merit WIRES Prize

Poster Presentations

- SGCR Prize
- WIRES Prize
- Educational Prize
- Young investigator Prize
- Merit SGCR Prize
- Merit WIRES Prize
- Merit Educational Prize

Conference Highlights

Exciting Plenary Sessions

Gain insights from industry leaders on cutting-edge topics.

TOPICS:

- Imaging to Illuminate Precision Oncology
- Cancer Biomarkers and Integrated Diagnostics
- Digital Oncology and AI for Augmenting Patient Care

Engaging Hands-on Workshops

Learn practical skills and techniques from experts in the field.

TOPICS:

- Prostate cancer with AI
- Advanced rectal cancer and local recurrence
- Cystic lesions of the pancreas
- Whole-body MRI for screening

Other Exciting Programmes

Pre-Conference Workshops

Dive deep into specific topics with hands-on sessions.

Showcase your research and compete with peers.

Scientific Competition

Exhibition

Explore the latest medical advancements and innovations.

Connect with industry leaders and peers to build valuable relationships.

Networking

Registration now open!
