

AMS SGCR-WIRES 2025!

CALL FOR ABSTRACTS!

Best AMS Scientific Paper

SUBMISSION DEADLINE: 15 FEBRUARY 2025

WISH TO PRESENT YOUR RESEARCH IN LISBON, PORTUGAL?

Submit Your Abstracts

Scan the QR Code to Submit the Abstracts!

Abstract Requirement

- Topic: **MSK Radiology**
- Abstract Type: **Scientific Paper**

Awardee

- Present the same paper at the upcoming **International Skeletal Society (ISS 2025) Annual Meeting**, with complimentary conference registration provided
 - Date: **14-19 Sep 2025**
 - Location: **Lisbon, Portugal**

Submission Deadline

Best AMS Scientific Paper: 15 February 2025

All Other Abstract Deadline: 31 March 2025

** The winner for Best AMS Scientific Paper will receive complimentary registration and travel grant of up to US\$1,500 for the International Skeletal Society (ISS 2025) Annual Meeting in Lisbon, Portugal (14-19 September 2025). The winner must be able to present in person at the ISS 2025 and submit the abstract through AMS SGCR-WIRES 2025 abstract portal by 15 February 2025.*

Abstract Topics

Diagnostic Radiology

- Artificial Intelligence
- Breast Radiology
- Cardiothoracic Radiology
- Education and Wellness
- Gastrointestinal Radiology
- Head and Neck Radiology
- Hepatobiliary and Pancreatic
- Multisystem/Multidisciplinary
- Musculoskeletal Radiology
- Neuroradiology
- Nuclear Medicine
- Nursing and Quality Improvement
- Paediatric Radiology
- Radiography and Physics
- Radiology Informatics
- Ultrasound
- Urogenital Radiology

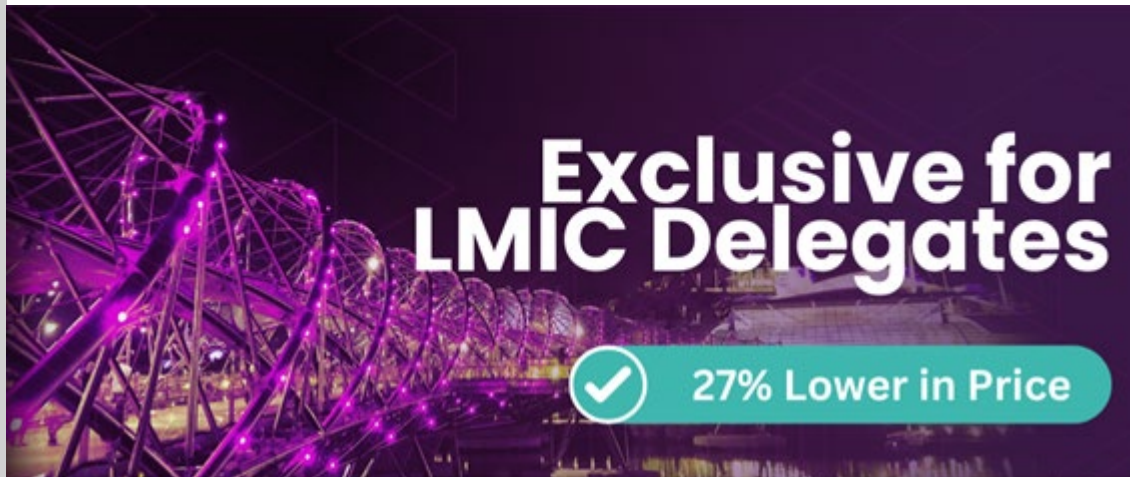

[Submit Abstracts](#)

Interventional Radiology

- Artificial Intelligence
- Aortic and Vascular Intervention
- Education and Wellness
- Gastrointestinal Intervention
- Hepatobiliary Intervention
- Interventional Oncology
- Multisystem/Multidisciplinary
- Musculoskeletal Intervention
- Neuroradiological Intervention
- Nursing and Quality Improvement
- Paediatric Intervention
- Radiography and Physics
- Radiology Informatics
- Urogenital Intervention
- Vascular Access
- Women and Fertility Intervention

Speaker Highlights

Meet the Experts Shaping Radiology's Future:

Featuring World-Renowned Speakers in Musculoskeletal Imaging and Beyond!

Prof Donald Resnick is a distinguished leader in musculoskeletal radiology, with decades of experience in diagnosing and managing complex conditions.

He has delivered over 1,200 presentations at prestigious national and international scientific and

Prof James Griffith is Chairman of the Department of Imaging and Interventional Radiology at Prince of Wales Hospital, The Chinese University of Hong Kong. Specializing in musculoskeletal radiology, his focus areas include ultrasound and innovative imaging analytics. After completing medical school at University College Cork, Ireland, he trained further in the UK before moving to Hong Kong in 1995. He has held leadership roles in the International Skeletal Society and the Asian Musculoskeletal Society. Prof Griffith also serves on editorial boards for leading radiology journals and contributes to global outreach and research initiatives in musculoskeletal imaging.

Dr. Malini Ashwin Lawande is a highly experienced consultant musculoskeletal radiologist with 24 years of expertise spanning both academic and private practice. Renowned for her dedication to radiology education, she has successfully organized numerous national and international conferences, workshops, and educational programs to advance radiology knowledge and skills. Dr. Lawande is actively involved in professional leadership, currently serving as the Vice President of the Musculoskeletal Society of India, where she plays a pivotal role in shaping the future of musculoskeletal radiology. She is recognized for combining clinical expertise with a passion for education and innovation in radiology.

Get ready to explore a variety of exciting topics at the congress!

Join us for an insightful conference exploring the latest advancements and innovations in radiology. Our expert speakers will dive into key topics such as cutting-edge imaging techniques, breakthroughs in musculoskeletal radiology, and the integration of AI to enhance diagnostics. Gain valuable knowledge and practical perspectives from global leaders driving the future of medical imaging.

Conference Day 1 – 29 Aug 2025

Topic Highlights

AMS Track

- Plenary Lecture: Radiology at the Paris Olympics
- Keynote Lecture: The Role of CT-like imaging in MSK

AMS - SGCR Track

- Concepts in Soft Tissue Tumour Imaging – What Needs Biopsy or Excision?
- Role of MSK Interventions in Tumor Treatment and Palliative Care

SGCR Track 1

- AI & Informatics: Past, Present and Future of Radiology Health Information
- RIS/PACS systems, future proofing. Computer Vision in Radiology workflow

SGCR Track 2

- SRS meets Mayo Clinic- Abdominal imaging Masterclass
- Overview And Updates In Liver Imaging
- Pancreaticobiliary Pathologies Demystified

WIRES Track

- Musculoskeletal Interventions (I): Embolisation and more
- Portal Hypertension

* Topics are subject to changes

Conference Day 2 – 30 Aug 2025

Topic Highlights

AMS Track

- Keynote Lecture: Whole body MRI of Multiple Myeloma
- Keynote Lecture: Common Overlooked Injuries on Knee MRI

AMS - SGCR Track

- Ultrasound Techniques in the Assessment of Bone Status
- Cervical Spine Trauma: Imaging Features and Treatment Related Changes

SGCR Track 1

- Cardiac Imaging: Practical Insights and Future Directions
- CRS Leadership Lecture

SGCR Track 2

- SRS Meets Mayo Clinic: Essentials in Female Pelvic Imaging
- Thriving in Residency + Quiz

WIRES Track

- Venous Thromboembolism
- Hepatobiliary Interventions

* Topics are subject to changes

Conference Day 3 – 31 Aug 2025

Topic Highlights

AMS Track	<ul style="list-style-type: none">• Target Area Approach to Arthritis: Selected Sites of Involvement• Orthobiologics – Current Evidence and What Lies Beyond the Horizon
AMS - SGCR Track	<ul style="list-style-type: none">• AMS Youth Forum• The Ankle Fracture: Understanding Mechanisms and What to Look For
SGCR Track 1	<ul style="list-style-type: none">• AI & Informatics: AI (LLM) in practice• Radiographer Track
SGCR Track 2	<ul style="list-style-type: none">• Radiographer Track• SRS Meets Mayo Clinic: Oncological Imaging for the Abdominal Radiologist
WIRES Track	<ul style="list-style-type: none">• Lymphatic and Thoracic Interventions• Genitourinary and Gastrointestinal Interventions

** Topics are subject to changes*
