

**International Day of Radiology: IDOR 2022, November 8,  
2022**

Information from AOSR (As of 2022.11.02)

The International Day of Radiology will take place on Nov 8, 2022 This year it will be the 11th IDoR, IDoR 2022.

All radiologists, radiographers, radiological technologists and professionals in other related fields are encouraged to unite in recognising and promoting the essential role that radiology plays in the patient journey.

IDoR aims to build awareness on how radiology contributes to safe patient care as well as increase visibility to the public of the vital roles that our allied fields play in healthcare.

Therefore, if you have not, consider promoting our roles to our non-radiology colleagues as well as to the public at large where appropriate

-You are invited to send photos of yourself/colleagues celebrating IDoR 2022 at your workplace and send the photos to IDoR@myesr.org (together with a brief caption) or post them on your social media accounts with the hashtag

#IDoR2022

- You are also encouraged to post actively on social media using #IDoR2022.
