ASIASAFE, AOSR-ISRRT Webinar

- Date: Monday, April 10, 2023 5pm (GMT+8)

- Register at <https://aosr.vidocto.com/>

AsiaSafe in collaboration with the International Society of Radiographers and Radiological Technologists presents the 3rd in a series of joint webinars. The theme is **“Teamwork and Collaboration is Essential for Radiological Safety in Diagnosis & Therapy”**

Talk title: Teamwork and Collaboration for Patient Safety in Radiotherapy

Ms Chek Wee Tan

Vice President Asia/Australasia, International Society of Radiographers and Radiological Technologists

Talk title: Multilayer Filtering in Radiotherapy as Safety Culture

Prof Soehartati Gondhowiardjo

Acting President, Indonesian Radiation Oncology Society (IROS)

Prof & Senior Consultant, Dept of Radiation Oncology, Universitas Indonesia-Cipto Mangunkusumo Gen Hospital, Jakarta.

Welcome

Prof Noriyuki Tomiyama

President, AOSR

Moderator

Emeritus Prof Kwan Hoong Ng

Chair, ASIASAFE

Emeritus Professor, University Malaya

Why Attend?

- Radiotherapists/ radiographers /radiological technologists are essential and vital to the smooth running of departments. They develop optimal plans for tumour localisation and operate complex equipment for therapeutic delivery.
- Effective communication, understanding and collaboration amongst the team members are vital for better patient outcomes
- Find out or refresh your understanding of the various roles of team members

towards ensuring patient safety and optimal therapy based on imaging.

-Together Everyone Achieves More!
