

**[AOSR] Emerging Trends Committee Webinar / September 9
(Sat.), 2023 / 3pm (GMT+8, Singapore)**

Information from AOSR (As of 2023.08.24)

Mark Your Calendar: September 9, 2023 Saturday 3pm (GMT+8)

There will be the AOSR Emerging Trends Committee Webinar: Emerging Trends in Ultrasound Imaging to be held online on September 9, 2023.

Come and see how AI will be harnessed in ultrasound – the most widely used, safe and relatively low cost imaging for all from young to old, and in regions of all resource levels.

How will the next frontier of wearable ultrasound impact our allied disciplines?
