

[AOSR] Webinar of AOSR Emerging Trends Committee on July 27, 2024 / 15:00 (GMT+8, Singapore)
(As of 2024.07.24)

[AOSR Emerging Trends Committee Webinar: Emerging Technologies in Radiology]

- Date: July 27 (Sat.), 2024
- Time: 3pm (GMT+8 Hong Kong, Malaysia, Singapore, Mongolia, Philippines), 4pm (GMT+9 Japan, Korea), 2pm (GMT+7 Thailand, Vietnam, Cambodia), 12.30pm Indian Standard Time
- Register now at

<https://aosr.vidocto.com/home/webinar/details/66892093ccbbf1cd89f217f1>

The banner features the AOSR logo at the top right, which includes a globe icon and the text "AOSR The Asian Oceanian Society of Radiology". The main title "Speakers & Lectures" is positioned on the left. The central text reads "AOSR Emerging Trends Committee Webinar" and "Emerging Trends in MR Imaging". A date and time box specifies "27TH JULY 2024" with two time slots: "03:00-05:00 PM (SINGAPORE TIME)" and "12:30-02.30 PM (IST)". A "WHY ATTEND?" section provides details about the topics: Helium Free MRI, AI in MRI, and PET MRI. Three speakers are featured at the bottom: Prof. Noriyuki Tomiyama (President, AOSR), Dr. Cher Heng Tan (Chairman, Emerging Trends Committee, AOSR), and Dr. Gaurang Raval (Coordinator, Emerging Trends Committee, AOSR). A "CLICK HERE" button with a hand cursor icon is located at the bottom right, with the URL <https://aosr.vidocto.com/> below it.

AOSR
The Asian Oceanian Society of Radiology

Speakers & Lectures

Helium Free MRI for Sustainable Radiology

Sally Lin
Head of Product Management,
MR Systems, Philips

Advances in AI for MRI

Yu Xin YANG
Senior MR Collaboration Scientist,
United Imaging Healthcare

Advances in PET MRI: Present and Future

Prof. Hongcheng Shi
Department of Nuclear Medicine,
Zhongshan Hospital, Shanghai

AOSR Emerging Trends Committee Webinar

Emerging Trends in MR Imaging

27TH JULY 2024
03:00-05.00 PM
(SINGAPORE TIME),
12:30-02.30 PM (IST)

WHY ATTEND?

Come and see the intricate working details and clinical applications of the cutting edge "Helium Free MRI" and how it is helping build a sustainable Radiology department. Also how AI is useful in MRI imaging. Lastly we would explore the new favourite of Oncoimaging- PET MRI and how its changing patient management.

Prof. Noriyuki Tomiyama
President, AOSR

Dr. Cher Heng Tan
Chairman, Emerging Trends
Committee, AOSR

Dr. Gaurang Raval
Coordinator, Emerging Trends
Committee, AOSR
